

# OPTIONS FOR GIVING

*Partnering with Christian families  
and churches to see students  
academically equipped and  
spiritually transformed  
by the power of the Holy Spirit  
through Christian education*

**M**T. CARMEL SCHOOL was founded in 1925 by Dr. Lela G. McConnell for the purpose of providing a Christian high school education for Eastern Kentucky students. Over the years, that purpose has expanded to include grades K-12. We exist to see students transformed by the grace of God and prepared academically for the next step in their lives.

## WHAT MAKES MT. CARMEL SCHOOL UNIQUE?

**Affordable.** Our tuition assistance programs seek to ensure that all students have the opportunity to experience a Christian education.

**Work ethic.** All dorm students take part in the school's work program. The various jobs include landscaping, cooking, dishes, janitorial work, carpentry, trash detail, and a variety of other things.

**Academic excellence.** We offer a college-preparatory program that qualifies students to attend the college or university of their choice.

**Spiritual emphasis.** Spiritual life is nurtured through Bible classes, chapels, prayer meetings, Sunday school, Sunday worship services, and voluntary discipleship groups.

**International community.** In recent years, Mt. Carmel School has had students from South Korea, Papua New Guinea, Thailand, Honduras, Japan, Bangladesh, Ethiopia, Ghana, Kenya, and Rwanda.

**Accreditation.** Mt. Carmel School is accredited by both the Association of Christian Schools International (ACSI) and the Southern Association of Colleges and Schools (SACS). We are also recognized as an official non-public school by the Kentucky Department of Education. Our diploma is recognized by all major colleges and universities within the United States.

# Sponsor a student

TUITION\*  
(PER YEAR)

**\$1,800**

Many of our school families do not have the means to pay their entire school bill.

While we do require every family to pay something, there is a large amount of tuition that is unpaid. Your gift of \$200 would pay one month tuition for an elementary or high school student. If you or your church would like to support

a particular student, please contact us.

As He has done in the past, God will bless you for your generosity.

*\* Additional processing fees apply for international students. Contact us for details.*

# Support a staff member

PER PERSON  
(PER MONTH)

**\$500**

The faculty and staff at Mt. Carmel School serve on a volunteer basis. They are provided with housing and can get their meals in the dining hall. But as you know, there are many other expenses involved in managing a household: insurance, personal items, clothing, medications, gasoline, and more. We have questioned our staff and have determined that an average monthly income of \$500 would sustain a full-time employee.

# Endowment Funds

What is an endowment fund? It is an investment fund established by an organization that makes consistent withdrawals from the interest of invested capital. The interest from endowed funds is generally utilized for specific needs or to further a company's operating process.

Giving to an endowment fund will help to ensure Mt. Carmel School is a viable ministry in the future.

## General Endowment

Interest earned from general endowment funds will assist the school with general operating expenses.

## Endowed Scholarships

Interest earned from endowed scholarships will go to assist a financially needy student with tuition assistance.

If one wishes to name a scholarship, it must be a minimum gift of \$2,500.

## Endowed Personnel Support

Interest earned from endowed personnel support will provide Mt. Carmel School employees with much needed financial assistance. These funds will be appropriated on an as-needed basis.

# Sponsor the sports program

(PER YEAR)

**\$500**

SPONSOR  
AN ATHLETE  
(PER YEAR)

**\$175**

We have an option for businesses who would be willing to invest \$500 in our sports program in exchange for public advertising space in our gym.

We also have an option for individuals who would sponsor an athlete for the school year. A gift of \$175 will cover the costs of a uniform, league fees, and a share of transportation expenses for one student athlete.

# Feed a student for a week

At Mt. Carmel School, the noon meal (lunch) is the main meal of the day. All of our students (including day students) and most of the faculty and staff eat lunch in the dining hall on school days. The approximate cost to provide this lunch meal is \$3.00 per student per day. Would you like to provide lunch for a week for a student?

PER STUDENT  
(PER WEEK)

**\$15**

# Upgrade a classroom

ONE CLASSROOM

**\$2,500**

Technology is leaving us in the dust. Chalk dust, that is. The best educational resources are now being provided in a digital format. And we need the hardware to deliver that content to our students. We estimate that it will cost \$2,500 to bring one classroom up to quality education technology standards. This would include an instructor's computer, projector, whiteboards, software, and interactive technology.

# Help provide transportation

Parents entrust us with their children to keep them safe. That's a responsibility we take seriously.

And it includes safe, reliable transportation for our students.

Mt. Carmel School is in need of a

15-passenger van. Your gift toward this and other needed vehicles would help produce a much-needed upgrade to our vehicle fleet. You may give any amount of your choosing. You may also consider donating your used vehicle.

We can use trucks, cars, minivans, and especially large capacity passenger vehicles (vans, small buses).

*The van we were able to purchase in 2016*

# Equip a teacher

PER TEACHER  
(PER YEAR)

**\$250**

Do you know how much “stuff” a teacher needs? Let’s see. There’s paper (all sorts), pencils, pens, markers, bulletin boards, flash cards, notebooks, glue/paste, posters, stapler, paper clips, erasers, reference books, software, and learning aids. As you know, the cost of these items can add up fast. Your gift of \$28/ month (x 9 months) or \$250/year would go a long way in providing new and improved teaching materials for a teacher.
